環境

- NetApp Cloud Manager (Connector)
- NetApp Cloud Volumes ONTAP (CVO)

問題

以下のエラーのため、CVO を起動できません：

Error: The Cloud Volumes ONTAP instance failed to launch because Cloud Manager could not connect to the instance at IP [redacted]. Ensure that the target subnet is routable from OnCommand Cloud Manager, make sure that the selected security group for Cloud Volumes ONTAP allows inbound HTTPS traffic, and then relaunch the instance.
